

Acres of Hope Uganda is Growing!

You can play a part in making the dream of a 3-story school building at AOH become a reality. The children will create a beautiful tree mural in the school to celebrate your gift to this project.

For every contribution, the kids will paint a handprint leaf with your name* on it.

Up to \$50 - Green Leaf
\$51 - \$250 - Red Leaf
\$251 - \$999 - Gold Leaf

Contribute \$1,000 or more and your name* will be painted on the tree trunk.

*Or share up to 8 words of hope rather than your name.

To contribute, please visit any of the Acres of Hope partners listed here:
(Please indicate the name or words you would like on your leaf in the Memo.)

If you are partner of AoH and would like your church or group to participate in this campaign, please contact us. We would love to share ideas with you.

This school construction is the newest priority project at AoH. The goal is to complete the first floor of this Goliath school building by the start of the 2018 school year in February. It will cost \$8,000 to finish the foundation and approximately \$85,000 for the first level. Once the 3 stories are complete, Acres of Hope Nursery and Primary School will provide high quality education for 400 students every year, 4 times more children than currently!

We thank you for your continued love and support of Acres of Hope.
